ELIGIBILITY FOR CLASSES

Lower Height Option. Societies may offer the Lower Height Option to all dogs in that height category and may be offered at all grades. It is to be run as part of any Standard class as defined in the regulations and must be clearly identified in the schedule. Each relevant class will have two heights with a change part way through to higher/lower the jump heights and competitors must run at their entered height. The order in which the heights will run must be detailed on the ring cards/ring plan. There will be only one course walking at the start of the class. In a class where the Lower Height Option is available show organisers may offer one set of awards by combining the results of each height or may offer separate awards for each height category.

When the Lower Height Option is scheduled a dog may only be entered at either the Full Height or at the Lower Height and it cannot compete at a different height in any other class at that competition, including special classes. For these purposes a competition shall be defined as all classes covered within the same schedule.

DEFINITION OF CLASSES – Special Classes (including class rules)

Special Junior Classes (Jumping or agility as specified on the class list)

Juniors can compete with any grade of dog, any size, but that dog can only compete for 1 child in 1 Junior class on the day of the show (note: the dog can be entered with any handler in the permitted standard classes).

There will be no Trophies on offer for these classes, but Rosettes will be awarded to 10% of the class, plus a Judges special will be on offer, and each competing child will receive a goody bag.

Jump heights for these classes shall be the same as the KC standard jump/dog heights regulations as listed in the main rules. Standard KC equipment shall be used at both level 1 and 2.

Standard KC marking shall apply and as usual the winner of the class shall be determined by the fastest clear round.

Level 1 : Introductory Jumping Class

Course design - This class should be a simple flowing course, with 1 simple change of handling side, Maximum of 6 weaves are permitted.
